2013 PRE-SCHOOL DIRECTORY WITHIN SMITHTOWN AREA

COMPILED BY: TOWN OF SMITHTOWN (631) 360-7517 www.smithtownny.gov

PRE-SCHOOL DIRECTORY WITHIN SMITHTOWN AREA

This information has been furnished by local nursery schools within the Smithtown area including Commack, Hauppauge, Kings Park, Nesconset and St. James; compiled and distributed by the Town of Smithtown. Inclusion in this guide does not imply Town of Smithtown's recommendation. Parents are advised to contact any school or program they are considering.

The Town of Smithtown sponsors an annual Pre-School Fair. Printed resources relating to choosing an appropriate pre-school for your child are also available by contacting our office.

For more information: Contact Maureen Fiorello, Director

Town of Smithtown 7 New York Avenue Smithtown, NY 11787 Tel: (631) 360-7517

Fax: (631) 360-7604

	PHILOSOPHY

Our philosophy is to offer a fun and informative approach that will encourage each child individually while presenting the classroom activities with a hands-on approach to learning. We offer 1/2 day, mini day and full day structured classes for our 2, 3 and 4 year old children. A full curriculum is utilized in all classes that balances socialization skills and academics. Socialization skills such as sharing, playing cooperatively and following directions are learned and enhanced through our daily activities. Through all of the learning, our ultimate goal is to encourage each child to develop his or her own personality and special qualities and to become confident, self assured, happy students!

	PHII OSOPHY

Our goal is to be a pleasant, friendly place for each child. They should be eager to come to school to learn and have fun. The happiness and well being of each child is of utmost importance to us. Our staff will, through the curriculum, provide each child with a positive self-image and a strong beginning toward independence. With this base, your child will grow both educationally and socially. Our programs are innovative, creative, fun-filled, active and comprehensive. The specific classroom activities for your child will depend on the age group and generally include: language arts, reading readiness and writing, computer skills, science units, social studies, music, arts & crafts, story time, cooking and daily outdoor play.

	PHI	LOSOPHY	

At Kiddie Academy, we practice a child-led philosophy. We encourage children to explore and progress at their own pace, in their own style. When your child learns and plays in this manner, they are empowered to learn and grow socially, physically, emotionally and intellectually. The assortment of activities we provide through our curriculum, Life Essentials, is endless. At the center of our educational philosophy is an age appropriate curriculum, based on the individual needs of your child. We accommodate your child's ever changing needs, which means your child is taught based upon their own pace and potential, as opposed to an average of every other child in the classroom. Our teachers are trained and skilled at allowing children to learn in their own way at their own pace.

		PHII	LOSOPHY

At Magical Garden, our purpose is to provide quality programs. We take pride in our facility and partnerships we form with our families to accomplish our combined objectives. Magical Garden Pre-School has been making magic for children since 1993. Our Pre-School is family owned and operated and promotes a fun atmosphere where children can learn and feel their best. At Magical Garden our staff is not only experienced but love to teach as well. Your child will look forward to learning in a clean, fun and safe environment that is child-centered, hands-on and skill based. Our Pre-School is dedicated from the ground up to the growth and welfare of your child. Our well rounded program of instruction includes social, emotional and the intellectual development of your child. So come join us today and see why Magical Garden truly makes your child's learning experience a magical one!

That is what we strive to do here at Nesconset Christian Preschool. Children need a place to grow, to develop social skills, large and small motor skills, to make friends, to be loved unconditionally. We are able to provide a solid educational foundation by teaching letters, numbers, shapes, colors, etc. in a fun, non-pressured environment. We take our responsibility very seriously and are proud of the many years we have been part of many children lives!

	PHILOSOPHY

The Nursery and PreK programs at St. Patrick School in Smithtown offers a sterling academic program and curriculum that follows both New York State guidelines as well as the Diocese of Rockville Centre curriculum. Both programs promote self-awareness skills, social skills as well as reading and math readiness skills for PreK and Kindergarten. Building strong fine and gross motor skills are fostered through completion of various projects such as: painting, coloring, cutting with scissors and use of fine motor manipulatives. Both programs utilize "The Investigator Club" learning series. This is a hand-on learning program which makes use of reading, writing, math, science and technology learning centers and promotes fun hands-on learning. The programs have a SmartTable in the classrooms in which the children are exposed to hands-on computer-oriented learning. The Nursery program utilizes the "Writing Without Tears" Program as well. Children will learn social skills which is an integral component of the programs. Religion is a strong component of the programs and is incorporated into the day. The School has a beautiful playground as well. Play is a critical component of their growth and development. The Early Childhood programs at St. Patrick School balance learning with play so that children are prepared to succeed in their elementary years at school.

Nursery School is the child's bridge carrying them from home into an organized school experience. The small class size creates a supportive, positive atmosphere. Here children experience a well planned program of play, art, musical and physical activities as well as a well-rounded program of literature and reading/math readiness activities. Children are encouraged to explore our world through field trips and special programs brought into the school. NOTE: 1 director and 4 aides "float" from room to room. All teachers are NYS certified. Wesleyan School is registered with the NYS Education Dept.
